# Apollo Advantages

## Apollo Focus

We offer an optional 9 hours' extra tuition per week, completely free of charge with a focus on project work and communication. Students can choose the Apollo Focus option when with us at the school.

## Apollo Workbooks

Apollo Juniors each receive their very own course workbook filled with interesting topics & activities to follow during their course. Students will bring their workbook home giving them a sense of accomplishment & giving parents the opportunity to see what their son/daughter has been learning while in Ireland.

## Apollo Real World Learning

Classes are designed specifically for students of this age using engaging topics & material. Our teachers use unique teaching methods to encourage students to speak English without feeling self-conscious.

## Apollo Chill Out Rooms

Apollo Junior Programmes have become renowned for our Chill Out Rooms where young learners can experience our virtual Reality (VR) headsets as well as PlayStation Gaming & Arcade Games. Our Chill Out Rooms are always busy during free time periods and it's a great way for students to meet new friends, especially if they are feeling shy at the beginning of the programme.

## Teams for Individual Students

As a lot of our students come to Apollo as individuals, we operate a system of teams and Team Captains whereby students have a daily meeting with their Team Captain (Apollo staff member) which ensures students have all information they need and have a daily point of contact with us.
